CORE GENIUS

The Ultimate Leveraging Story

WHAT IS YOUR CORE GENIUS?

HOW DO I IDENTIFY IT?

?

- I'm happiest when
- I'm most creative when

?

- What activities make me excited to get up in the morning
- What am I most passionate about

?

- When do I feel like I am living my purpose
- What interests/hobbies do I have that could generate income

?

- What talents or attributes do you often get complimented on
- What activities did you excel at in the past

LEVERAGING IT

How might I leverage off this core genius to add value?

How might I spend at least 80% of my time operating from my core genius?

How might my core genius expand across more than one dimension of me (eg beyond what I do in my business)
